Secure and functional delivery

RP Group is a Finnish logistics operator since 1987. Our principal aim is to offer a reliable and efficient partnership to our clients.

RP Logistics Overseas Ltd meets challenges of our customers in several business areas like stevedoring, cargo handling, transportation and customs terminal services.

RP Logistics Overseas Ltd

The company is located in the Port of Kotka which has dense feeder connections with the main European Seaports. This favorable business location gives us flexibility in operations and an advantage in keeping service rates at a competitive level.

Route through Southeast Finland provides a swift, safe and cost-efficient alternative for east-west logistics. Port of Kotka is situated only a few hour's drive from St. Petersburg and a day's travel from Moscow.

The Company is run by a reliable and experienced staff. In warehousing we use bar code system that we can control in an accurate way all operations in the warehouse. Our executive team is always on-site, allowing our organization to keep up with the pace of our customers in storage services, transportation and documentation. We are the registered customer of Finnish Customs.

Mission: "We move customer's goods to the place they require, at the time she request using high-standart expertise".
